How likely are you to recommend our GP Practice to friends and family if they need similar care or treatment?

Can you tell us why you gave that response?

Lizzie.

My blood pressure is high, have handed in a 7 day BP chart for Dr Jagger one month ago and heard nothing even though I have called surgery in meantime.

Although I rarely visit the doctor, when I was feeling ill, I got a quick appointment and was treated very sympathetically and professionally by Dr Nagbag.

Extremely caring and thorough GP.

I think this surgery is amazing, first class service as always. :)

Nurse doing my smear test was very nice and put me at ease.

Jayne was lovely, couldn't have asked for a nicer experience for my first smear.

2nd time losing test results, very bad communication, no feedback.

Penny was very helpful and Dr Jagger was most excellent.

Very helpful and quick service, thank you.
